[Rules—Medical—Registration—Publication of medical register.]

No. 136.—In exercise of the powers conferred by section 24 (1) of the Madras Medical Registration Act, 1914, the Government are pleased to make the following amendment to rule 3 of the rules for the compilation and publication of the Madras Medical Register, published on page 318 of Part I-A of the *Fort St. George Gazette*, dated the 17th July 1923.

AMENDMENT.

For rule 3, the following shall be substituted—

"3. Every year the Registrar shall, in the month of January, cause to be printed and published the register prescribed above and corrected up to the 31st December preceding. The Registrar shall keep an interleaved copy of such printed list wherein he shall make during the year, any entry, alteration or erasure that may be necessary".

Fort St. George, January 26, 1925 (G.O. Ms. No. 207, P.H.).

No. 137.—The Examiner of Local Fund Accounts is informed that the orders in G.O. No. 1512, P.H., dated 21st October 1924, supersede all previous orders on the subject and that they relate only to licence fees and not to taxes or tolls.

APPENDIX.

G.O. MS. NO. 1512, P.H., DATED 21ST OCTOBER 1924.

READ—the following paper :—

From the Chairman, Municipal Council, Tiruvannamalai, No. 283 G1., dated 31st May 1924.

Order.

The Chairman is informed that the Council is competent to abolish or reduce the licence fees with retrospective effect. Under section 121 of the District Municipalities Act, 1920, the sanction of the Local Government should however be obtained if such abolition or reduction necessitates an alteration in the budget estimate in respect of the amount allotted for the due discharge of all liabilities in respect of loans contracted by the Council and for the maintenance of a working balance.

Fort St. George, January 22, 1925 (G.O. No. 231, L. & M.).

No. 138.—Under article 220-A of the Civil Account Code, Volume I, no local board can be allowed to overdraw the balance at its credit in the treasury without the sanction of a contribution from the Government to cover the overdraft. The Government will not therefore permit any local board, in future, to overdraw on the treasury. The steps recently taken by Government to stabilize the finances of local boards and to enable them to have sufficient funds throughout the year are detailed in paragraph 16 of G.O. No. 2769, L. & M., dated 4th October 1924, published on pages 562–565 of Part I-A of the *Fort St. George Gazette*, dated 18th November 1924. On account of these measures there should be no necessity for any local board to overdraw its credit in future.

2. A president of a local board is expected to foresee all items of ordinary recurring expenditure and to take steps to ensure that the board has funds to its credit in the treasury to meet them. It should generally be possible to carry on the essential services of the board and, if to enable it to do so that course is necessary, unessential expenditure should be postponed. There may be rare occasions on which, in spite of the exercise of due diligence, a board may find that its funds are temporarily insufficient to provide for essential services, but it should always be possible to foresee such occasions some months ahead, and if such an occasion arises, the president of the board should report the facts clearly at once to the president of the district board or to the Government, as the case may be, explaining the causes of the anticipated deficit and when the deficit is likely to be made good.

3. A taluk board which anticipates a deficit must look to the district board for help and a union board must look to the taluk or district board. In either case it must be for the superior board to decide whether it shall make a temporary advance or contribution to enable the inferior to tide over its difficulties. Under the arrangements now in force a district board should seldom or never be in deficit. The only way in which Government can assist a district board, if it is temporarily unable to meet its liabilities, is by sanctioning advance payments of land-cess. The payment of instalments of land-cess monthly throughout the year already constitutes a large payment in advance and the Government will not be prepared to go beyond this unless they are satisfied that the board applying for aid levies all the taxes

permissible at maximum rates and has made sincere attempts to avoid a deficit by economy in expenditure. In every case in which an advance of land-cess is allowed the excess will be recovered by short payments in the succeeding months and in no case will any advance be allowed to remain outstanding at the end of the financial year.

Fort St. George, January 22, 1925 (G. O. Ms. No. 178, P.H.).

[Health Propaganda—Report of Director of Public Health for quarter ending 30th September 1924—Reviewed.]

No. 130.—About 9,450 lectures on Public Health subjects were delivered in the quarter ending 30th September 1924 at 6,238 centres in the Presidency. Of the 113 lectures illustrated with magic lantern slides more than half were given in Salem district alone.

2. Only 648 lectures were delivered in municipal areas in spite of the special facilities available in towns for propaganda work. Only 34 municipalities showed any interest in this branch of public health work and out of these, only those employing health officers carried on systematic propaganda.

3. The majority of the municipalities and the districts of Guntur, Tanjore, Kistna and Cuddapah have failed to realise their responsibility in the matter. It is impossible to calculate the amount of money that would be saved which is now spent in endeavouring to cure diseases by systematic and sustained health propaganda. The progress of preventive medicine depends in extraordinary degree upon the enlightenment and education of the people. Research alone cannot bring about the desired result. There must be the readiness on the part of the people and popular bodies to avail themselves of the fruits of research in order that there may be an increase in the efficiency and happiness of life.

5. The noteworthy features of the campaign during the quarter under review are

(*a*) its extension to schools,

(*b*) utilisation of the gathering at fairs, festivals and shandies for dissemination of knowledge regarding health matters by lectures, lantern-shows and posters and

(*c*) publication of articles on health subjects in the vernacular press.

8. The Government note with satisfaction the keen personal interest evinced by the presidents of a few taluk boards who delivered health lectures at various centres and awarded medals to voluntary workers. The intensive campaign against hook-worm carried on by the Rockfeller foundation in selected areas and the work of the Madras Health Council also deserve honourable mention.

Fort St. George, February 5, 1925.

Fort St. George, January 28, 1925 (*G.O. No.* 277, *L. & M.*).

No. 147.—In G.O. No. 1761, L. & M., dated 2nd August 1923, the Government directed under section 239 of the Madras Local Boards Act, 1920, that all public markets owned by taluk boards in unions should vest in the union boards within whose limits they were situated.

2. The provisions of the Local Boards Act, 1920, in regard to public slaughter-houses and cart-stands are similar to those relating to markets. The Government therefore consider that the control of public cart stands and slaughter-houses in unions should vest exclusively in the union boards concerned. Under section 239 of the Act, they accordingly direct that all public cart-stands and slaughter-houses in unions shall vest in the union boards within whose limits they are situated.

6. Teachers employed in local board schools will not as a rule be paid stipends from Provincial Funds. Before including the names of such teachers in their lists, Deputy Inspectors should ascertain whether there is provision in the budget of the taluk board or municipal council concerned for stipends for the candidates in the event of their being selected, and information regarding stipends should be furnished in the statement. Candidates from board or municipal schools selected for training will, if they fail to join the training school, be recommended for removal from service.

7. Candidates for secondary training should attach to their applications a statement of their marks obtained at the public examination with the presidency average in each subject, as well as a conduct certificate. They should state whether the schools they never to are recognized. The schools ought to be secondary or complete higher elementary schools. Applications from candidates outside the Madura district should be submitted through the District Educational Officer of the district in which the candidates are teaching

8. A few private candidates, to whom no stipends will be paid, may be selected in each grade.

9. Every student will be on probation for fifty working days.

10. The Managers of schools in this district are requested not to countersign applications for admission into training institutions in another district.

11. All applications should reach this office on or before the 15th May 1925, after which date no applications will be considered.

GOVERNMENT TRAINING SCHOOLS IN THE CHINGLEPUT DISTRICT.

The Acting District Educational Officer, Chingleput district, hereby notifies for the information of the other District Educational Officers and Deputy Inspectors of Schools and Managers of schools in the Chingleput district that candidates of the Elementary grade will be admitted for training in July 1925 in the Government Training Schools under his charge as shown below :—

Name of Institution.	Number of stipends available.		Total.
	Elementary Higher.	Elementary Lower	
Government Higher Elementary Training School for Masters, Chingleput.	40	40	80

2. The period of training is two years in the case of the students of both the Elementary Higher and Lower grades.

3. The District Educational Officer, Chingleput, will make the selection on the recommendation of the Deputy Inspectors of Schools.

4. Deputy Inspectors of Schools are requested to forward two lists—one of selected and the other of rejected candidates.

5. Separate lists of selected and rejected candidates made out separately for the Higher and Lower Elementary grades should be submitted to the District Educational Officer, Chingleput, by the Deputy Inspectors of Schools before the due date, viz., 1st May 1925. The names of the selected candidates should appear in the list in the order in which the Deputy Inspectors wish they should be taken, i.e., they should be arranged in reference to their general educational attainments, their service as teachers, the need for their training, the nature of their appointments and the school from which they apply for training. In the selection of candidates for training, those who were awarded stipends last year, but were refused admission on account of their not appearing in time, might have a first claim for admission. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

Teachers in Mohammadan schools should be directed to submit their applications to the Deputy Inspector of Schools of the Muhammadan range and not to the local range Deputy Inspector.

6. To provide for the contingency of some of the candidates selected not joining the training school, a few more than the sanctioned number will be selected by the District Educational Officer. All selected candidates who present themselves at the training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. In addition to provincial stipendiaries, candidates whose stipends are paid by local or municipal boards will be admitted for training, as also private candidates as free students. No provincial stipends will be sanctioned for teachers who hold permanent appointments in board and municipal schools, or who hold sub. *pro tem* appointments in permanent vacancies or who have been given provisional appointments by presidents of local boards who employ them. In the case of these teachers, clear information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub. *pro tem* or acting as the case may be) and whether the presidents of the local boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the presidents of the local boards.

8. As regards the qualification for admission only those candidates who have passed the annual examination of the third form or seventh standard or have been awarded an Elementary School Leaving Certificate of the seventh standard are eligible for admission into the Elementary Higher class and only those who have passed the late Primary School Examination or a corresponding public or school examination or whose attainments in the opinion of the Deputy Inspectors are not lower than these are eligible for admission into the Elementary Lower class. Preference should be given as much as possible to candidates whose educational attainments are above these minimum requirements. The certificates of general education should be sent in original with the applications by registered post. The certificates of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by Deputy Inspectors. Applications which are sent without the original general education certificates will be rejected.

9. Printed forms of applications can be obtained from the District Educational Officer or from the Deputy Inspectors of schools.

10. Applications completed in accordance with the above instructions should reach the District Educational Officer, Chingleput district, before the 1st May 1925. Applications received after the prescribed date will be rejected. Applications from candidates for admission into training schools of other districts, if any, should be submitted separately with a separate list in duplicate. Applications from teachers employed out of the district must come through the District Educational Officer or the Inspectress concerned with a covering list.

11. There is a hostel attached to the training school. Of the students selected and admitted into the training school, those who do not live with their families or with relations will be required to become members of the hostel.

Acting District Educational Officer, Chingleput.

DEPARTMENT OF AGRICULTURE.

SUGARCANE CROP OF 1924-25—THIRD OR FINAL REPORT.

[On an average of the five years ending 1922-23, the area under sugarcane in the Madras Presidency has represented some 4·1 per cent of the total area under sugarcane in India.]

The area planted with sugarcane up to the end of December 1924 is estimated at 111,900 acres against 121,600 acres at the corresponding date of last year, or a decrease of eight per cent. Last year's estimate differed from the final figures only by 0·2 per cent. The area in an average year is estimated at 102,600 acres.

2. The present estimate of area exceeds the second forecast by 3,500 acres only. The excess occurs mainly in Vizagapatam, Bellary, and the Central districts.

The area in the current year is less than in the last year in all districts except Vizagapatam, South Arcot, North Arcot, Trichinopoly and Ramnad. The reduction is most marked in Godavari, the Deccan, Chittoor, Salem, Coimbatore, and Madura.

3. The crop in Ganjam and Godavari was adversely affected to some extent by the heavy rains of November. As in the last year, the crop on the West Coast was affected by the abnormal rains and floods in the period of early growth and the subsequent drought. The crop suffered from drought in Anantapur, South Arcot, Chittoor, North Arcot, Salem, Trichinopoly, Tanjore, and Madura. The crop in Bellary is very good owing to timely rains and good water supply in the Tungabhadra channels. Normal yields are reported in the other districts. The harvesting of the crop has commenced in all districts.

4. The seasonal factor for the Presidency works out to 87 per cent of the average. On this basis, the yield is estimated at 312,900 tons of jaggery as against 308,200 tons on the corresponding date of last year, 320,400 tons in the season and crop report of last year, and an average yield of 293,830 tons.

5. Figures by districts are given in the appended statement.

[Area in hundreds of acres, i.e., 00 being omitted; yield in hundreds of tons of jaggery, i.e., 00 being omitted.]

1. The contractor shall deliver the tiles to the Secretary at the time and at the place mentioned in the appended schedule at his risk.

2. The tiles supplied by the contractor shall be of the same quality and description as the sample deposited and shall be in all respects equal thereto.

3. The tiles shall be subject to inspection and acceptance or rejection by such person or persons as the Secretary for the time being shall from time to time name and appoint to that duty or for that purpose and any such tiles which in the opinion of the inspecting officers shall be inferior in quality to the said sample shall be rejected by the inspecting officers whose opinion and rejection shall, in all respects, be final and conclusive and binding on the contractor and shall not be open or subject to question or dispute by the contractor upon any ground whatsoever.

4. As regards any tiles rejected by the inspecting officers, the Secretary may at his discretion take delivery of all or any of such tiles at a price lower than the contract price hereinafter referred to and his decision in the matter and as regards the price to be paid therefor shall be final and binding on the contractor.

5. All tiles rejected by the inspecting officers and not taken over by the Secretary as provided in clause 4 above shall be removed by the contractor within 24 hours after such rejection shall have been notified to the contractor by the inspecting officers, and any tiles not so removed by the contractor may be sold, removed or dealt with by the Secretary as he thinks fit.

The contractor shall not be in any way interested or concerned directly or indirectly with the servants of Government employed in the Salt Department in any trade, business or any transaction whatsoever, nor shall the contractor give or pay or promise to give or to pay to any such servants directly or indirectly any money or fee under the designation of custom or otherwise, nor shall he assign or make over his contract directly or indirectly to any person or persons whomsoever or permit any person or persons whomsoever to interfere in the management or performance thereof.

Such fine shall be paid within seven days of its imposition, failing which it shall be lawful to the Secretary to deduct the amount of the said fine from and out of the aforesaid deposit or from any sum or sums which may at the time be or may thereafter become due to the contractor on account of the tiles supplied by him under this contract. If these sums or the contractor's deposit or both be less than the sums which may be due at any time from the contractor to the Secretary of State then, in that case, the contractor, his executors, administrators, or representatives shall forthwith repay the Secretary of State the balance of such sums.

AUCTION FOR THE SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES.

Notice is hereby given that the Superintendent will hold an auction at the District Jail, Palamcottah, at 3 p.m., on Friday the 20th March 1925, for the supply of the following articles of rations during the year 1925-1926. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the District Jail, Palamcottah." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the District Jail, Palamcottah, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest-money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should before signing such agreements deposit a security of ten per cent of the total value of the supplies undertaken (with approval of the Inspector General of Prisons, the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest-money may be confiscated, and in the event of withdrawal they will also be liable to pay any differences between the prices accepted and those ultimately obtained by the Jail. The earnest-money received from unsuccessful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3 The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under no obligation to supply the entire requirements during the period of the contract, plus or minus as may be needed to last for a whole month, thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent, or some responsible person authorised by him in writing to do so " by order ".

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half-rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in, also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply, a memo. or advice note, duly signed, shewing the number of quantity tendered for acceptance; also to sign and return within a week of payment by cheque, cash order, or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short-payment may be referred to the Superintendent, separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding rupees 50 may be levied at the discretion of the Superintendent for each and every such case of default. For the repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment, from the security deposited by the contractors, or other monies due to them, and, in the event of any residue, by legal measures, if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification may be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons, will not be considered.

Conditions of auction sale.

I. Any person desiring to bid must deposit Rs 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power of attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

Note.—In Madras City the deposit must be paid into the bank treasury and the chalan for such payment produced before the selling officer. Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the chalan at the taluk office.

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of licence or of a contract under the $\frac{\text{Abkari}}{\text{Opium}}$ Act as to render him undesirable as a holder of a licence; or (2) that he is insolvent or in arrears to Government; or (3) that his bid is purely speculative; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a brewer bidding for beer shops; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

III. The reserve price placed on each shop will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop he may at his discretion either accept the next highest bid or re-sell the shop. In case of dispute the selling officer's decision will be final.

VI. Every person whose bid is provisionally accepted shall—

(a) at once if so required by the selling officer or otherwise at the close of the day's sale deposit in addition to the deposit made under clause I) half a month's rent for each shop knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(b) at once apply in writing for a licence for each shop knocked down to him, and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop;

(c) within fifteen days from the date of sale,

(i) deposit such further sum as with the deposits already made under clause (a) supra will make up two months' rent of all shops knocked down to him; and

(ii) if the Tahsildar is not satisfied that he can be trusted to pay his rent punctually and fully, deposit two months' rent of all shops knocked down to him, in addition to the deposits required under clause (i) supra or produce a surety or sureties, approved by the Tahsildar, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the licences for these shops and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said licences by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof by the surety or sureties or by the purchaser. The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser; he shall also be bound to execute a counterpart agreement.

VII. Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII. At the close of the day's sale the selling officer will notify the date on which re-sales, if any are found necessary, will be held; when the list of shops to be re-sold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX. The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a licence under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should, however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII. The deposits under condition VI (c) may be made either in cash or in recognised Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass-books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (a) which have not been refunded as well as deposits due under condition VI (c), the deposits made in cash may be returned to the depositors. Renters who have made the deposits under condition VI (a) in the form of deposit certificates obtained from any of the Central Banks mentioned above or in cash may make a formal requisition to the Treasury Officer to transfer the cash deposits made by them under conditions I and VI (a) or under condition I, VI (a) and VI (c) to the fixed deposits in the Central Bank in the name of the Collector. The Treasury Officer will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorized to receive it, or will remit it by postal money-order or insurance cover to the Bank. When the amount has to be sent by postal money-order or insurance cover the renter will be required to deposit in the Treasury, with his requisition to transfer the deposit, an amount which shall, in the opinion of the Treasury Officer, be sufficient to cover the cost of forwarding the amount of the deposit to the Bank, any balance not utilized for this purpose will be credited towards any rent due from the depositor. The securities or savings bank pass books deposited must be endorsed in the name of the Collector and Government promissory-notes must be enfaced for payment of interest at the treasuries

at which they are deposited, if so required. In the case of Co-operative Bank deposit certificates the deposits must be made in the name of the Collector of the district, the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Collector's demand.

XIII. Deposits in cash will be adjusted towards the instalments of kists due in the last months of the period of the lease. Deposits of securities or savings bank pass-books or Co-operative Bank deposit certificates will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the licence or of the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In cases of default under condition X of the conditions of auction sale or under condition 37 of the general conditions applicable to all abkari and opium licences all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

Condition of Issue of Licences for Wholesale Vend of Arrack.

XIV. Applications for the privilege of wholesale vend of country spirits should reach the Collectors concerned on or before the 1st March 1925 and should be accompanied by a fee of Rs. 25 which will be returned to those persons whose applications for licences are not approved. The grant of licences confers no exclusive privilege, and it will be open to the Collector to grant licences under like conditions to other persons at any time during the currency of the licences for which applications are now invited. Licences will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots and deposited such amounts as may be required by the Collector as security for the proper fulfilment of the conditions of the licence. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Wholesale depot licences will not be granted to persons having interest in retail shops.

The licences issued under the above clauses will contain the following general conditions common to all abkari and opium licences and the special conditions prescribed below for any particular kind of licence :—

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorized under condition 10, 11 or 40 *infra*.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector provided the site selected is approved of by the Revenue and Police authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. Licensees must keep their shop premises in a sanitary condition to the satisfaction of inspecting officers. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Excise Department; the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family or caretakers. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at night.

4. Except when two or more foreign liquor licences are held by one person or in the case of licences held by chemists and druggists and medical practitioners, sales under different licences must be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special licence to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway, and that the entrance to it is either through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9 30 a.m. Toddy shops in Salem Town shall not be opened before 9 a.m. No other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 8 p.m. except under special authority. Collectors may at their discretion order the closure of any depot at usual and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Commissioner may for sufficient reasons order the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 8 p.m.

(b) With the previous sanction of the Commissioner, Collectors are authorized (i) to notify at the time of the auction that specified shops will be closed on the occasion of specified festivals, and that the hours of sale at specified shops which are in the neighbourhood of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease, if it is found that the shops promote drunkenness, (ii) to order the closure of specified shops in the neighbourhood of factories, mills and other places, where large numbers of operatives assemble, from 11-30 a.m. to 1-30 p.m. on week days, on the afternoons of pay days and at all hours on Sundays except between 11-30 a.m. and 4 p.m. A special condition embodying these restrictions or inhibitions will be inserted by the Collector in the licences granted to the renters of all such shops

(c) The closing hour of hotels in the Nilgiris is 10 p.m

(d) The closing hour for refreshment rooms, hotels and hotel bars in Madras Town is 10 p.m. The Collector of Madras and the Commissioner of Police, however, may jointly permit the extension of the time to 11 p.m.

(e) 9 p.m. is fixed as the general closing hour in the case of Railway refreshment rooms. Collectors are authorized to note in the licences the particular hours after 9 p.m. during which such licensed premises may be kept open for the sale of liquor to bona fide travellers only with reference to arrival and departure of trains. Collectors may alter these hours during the currency of the licence with reference to any alteration in the Railway Time Tables.

11. Depots and shops must be closed, if the Collector so orders, while a regiment or detachment of soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also temporarily to close any shops in times of religious excitement or disturbance. Every depot and shopkeeper shall close his depot or shop when a riot or disturbance occurs or appears likely to occur in the neighbourhood.

12. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to liquor, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose. This prohibition, however, does not apply to the compounding or blending of liquor or to the manufacture of intoxicating drugs from hemp drugs and opium in accordance with the terms of a licence. Liquor shall not be bottled except under a bottling licence. Nor shall different kinds of liquors be mixed and sold under the denomination of one of them.

13. No woman shall be employed in any abkari or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Collector unless she be a member of the renter's family.

14. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment in any capacity of such persons in shops or depots licensed for the sale of the same are prohibited. No persons who have been convicted under the Indian Penal Code shall be employed in the transport or sale of liquor, opium or intoxicating drugs without the Collector's previous permission. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in any depot or shop and, if he disapproves of any person, he may forbid the licensee from permitting such person to have any concern in the management or working of the shop or depot.

Note.—This rule applies to the sale of sarbbat by persons in liquor shops.

15. No liquor, opium or intoxicating drug shall be sold or given—

(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, i.e., any class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

Note.—(1) The restrictions in (a) and (b) do not apply to soldiers, their families and followers when they are absent on leave from their regiments

(2) The restrictions in clauses (c) and (d) so far as they relate to adult females do not apply to foreign liquor licenses issued on Rs.64 fees.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Delhi, the 15th January 1925.

No. 58-I—25-A C.—Under Rule 18 of the Indian Legislative Rules, the Governor-General has been pleased to order the publication in the *Gazette of India* of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information.—

BILL No. 1 of 1925.

A Bill further to amend the Indian Paper Currency Act, 1

WHEREAS it is expedient further to amend the Indian Paper Currency Act, 1923, for the purpose hereinafter appearing; It is hereby enacted as follows:— 1 of 1923.

1. This Act may be called the Indian Paper Currency (Amendment) Act, 1925. Short title.

2. In sub-section (4) of section 19 of the Indian Paper Currency Act, 1923, for the words "eight hundred and fifty" the words "one thousand" shall be substituted. Amendment of section 19, Act X of 1923. X of 1923.

STATEMENT OF OBJECTS AND REASONS.

The Indian Paper Currency Act, 1923 (X of 1923), lays down in section 19 certain temporary provisions which are to remain in force until the Paper Currency Reserve has been brought into conformity with the permanent position envisaged in section 18. The provisions of section 19 are at present operative, and sub-section (4) of that section provides that the total amount of securities which may be held in the Reserve (exclusive of the emergency currency which may be made available under section 20 against the security of Bills of Exchange) shall be limited to 85 crores of rupees. Additional currency is required to meet the growing requirements of trade, which is now recovering from the post-war depression, and in particular to meet the seasonal requirements of the busy period of the year. The Government of India have, therefore, both in the last and the present busy season, utilized a portion of their remittances to England to increase the amount of currency available for trade. The effect of the purchases of sterling by Government in India and of the sales of Council Bills in England is to reduce treasury balances in India and to increase those with the Secretary of State. To the extent that these latter are not required to meet disbursements in the near future, they are available for investment in the sterling portion of the Paper Currency Reserve, against which notes can be issued in India replenishing the Indian treasury balances and at the same time adding to the amount of currency in circulation. The total amount of securities in the Reserve is still short of the figure of 85 crores by approximately 7½ crores, but the Government of India, in the interest of trade, desire to raise the permissible limit of investment so that additional currency can be provided, if necessary, in order to prevent excessive monetary stringency. The proposal in the present Bill is therefore to increase the amount of permissible investment by 15 crores of rupees.
